

FROMM . RIESLING DRY 2007

New Zealand Herald . Canvas Magazine January 2009

Fromm is a revered Marlborough producer with wines of astonishing complexity and style which are fast headed towards cult status. Top end wines command high prices and fly out the door. Maybe this beauty slipped past the accountant? If you can't love this you'll never understand riesling. Fresh, vibrant, finely textured and bone-dry. Not for those who like sugar bombs.
