### Comment

This is our first Brancott Valley Pinot Noir under the new "Fromm" label, which focuses on the origin of the fruit and the wine's ability to age well. It is made from two vineyards within the Brancott Valley, reflecting the terroir of one of Marlborough's excellent sub-region.

The colour is intense and vibrant, like the colour of a dark red rose. The nose is equally intense and lively with ripe dark fruit flavours and violets, very expressive and complex. The palate reflects the nose perfectly, exhibiting the same density of flavours, tight structure and a fine coating of fruit tannins. This young Pinot Noir has already great appeal due to its low acidity, yet the compact and firm nature of the wine will ensure at least 5 – 10 years of positive aging.

### Short description

Barrel fermented and matured Chardonnay showing concentrated, ripe fruit with a hint of minerality and subtle wood influence. (March 2007)
